

IISE Annual Conference & Expo 2025
Call for Abstracts and Presentation Summaries
 Renaissance Atlanta Waverly Hotel and the Cobb Galleria Centre | Atlanta, Georgia
 May 31 – June 3, 2025

Track: Construction Engineering and Management

Abstract Submission Link available on Conference Website: <https://www.iise.org/Annual/>

Dear Colleagues,

The **Construction Engineering and Management Division** of the Institute of Industrial & Systems Engineers (IISE) is sponsoring the **Construction Engineering and Management Track** at the IISE Annual Conference & Expo 2025. The conference is a forum for exchanging knowledge and discoveries in the Industrial and Systems Engineering research and practitioner communities. The IISE Annual Conference & Expo 2025 will continue to integrate research and industry applications under one conference.

As Track Chairs of the **Construction Engineering and Management Track**, we encourage you to contribute to the Conference and Track by submitting a 250-word abstract or presentation summary. Authors will be able to claim these works as *refereed extended abstracts*, which will be available on the conference website and can be cited. They will not be copyrighted or indexed in the official conference proceedings, and therefore there is no limitation on reusing this material for other purposes (e.g., toward the publication of journal papers or subsequent conference proceedings). We highly encourage Abstracts and Presentations Summaries that demonstrate Academic-Industry collaboration and the application of emerging technologies and methods. Key areas include:

CONSTRUCTION MANAGEMENT	FRONT END PLANNING
CONSTRUCTION COST ESTIMATING	PROJECT DELIVERY METHODS
CONSTRUCTION METHODS	PROJECT SIMULATION
CONSTRUCTION SCHEDULING	PROJECT OPTIMIZATION
CONSTRUCTION SAFETY	PROJECT CONTROLS
CONSTRUCTION SITE LAYOUT	PROJECT LIFE CYCLE
CONSTRUCTION ERGONOMICS	PROJECT VARIANCE
CONSTRUCTION FINANCE	PROCESS MODELING
CONSTRUCTION CONTRACTS	RISK MANAGEMENT
CONSTRUCTION LABOR	GREEN CONSTRUCTION
BUILDING INFORMATION MODELING	RESILIENT CONSTRUCTION
BUILT ENVIRONMENT	LEAN CONSTRUCTION
FORENSIC ENGINEERING	SMART CONSTRUCTION
CONSTRUCTION EQUIPMENT MGMT.	ASSET REPLACEMENT ANALYSIS

Authors of accepted abstracts and presentation summaries will be invited to share their work in a conference session. Regular sessions will be 80 minutes and have up to four presentations. There will also be options where authors can elect to share their content in a “Poster Session”. In addition, **there are opportunities to organize and/or participate in Special Sessions (Panels, Workshops, etc.). If you are interested in a special session, please contact us directly by November 15, 2024.**

While not required, we strongly encourage all presenters to submit a paper for publication so discoveries can be permanently documented. This year, two types of papers will be considered: Research Papers and Case Study Papers.

- *Research Papers* (with a limit of six pages) contain methods and results that are *significant* and have *archival value* to the industrial and systems engineering community. They will undergo a double-blind peer review process and accepted papers will be copyrighted and indexed in the Conference Proceedings via ProQuest.
- *Case Study Papers* (two to six pages) describe the application of a method or technology that addresses an *important industry-motivated issue*. They will be reviewed to ensure that the content focuses on the value and lessons learned for the Industrial and Systems Engineering community. The case study papers should avoid significant marketing material. Accepted manuscripts will be published with access via the IISE website.

Important deadlines:

- Submission deadline for abstract/presentation summary: November 10, 2024
- Notification of decision on abstract/presentation summary: December 15, 2024
- Paper submission deadline: February 9, 2025
(*Paper submission is optional but encouraged.*)
- Notification on full paper decision: March 9, 2025
- Speaker registration deadline: March 23, 2025
- Paper final revision submission deadline: March 31, 2025

Important Note

Authors/Presenters with approved abstracts must register for the Conference by March 23, 2025. Authors/Presenters that do not register by this date will have their presentations/papers withdrawn from the program and the proceedings. The presenting author must attend and present the paper at the conference.

We look forward to seeing you in Montreal!

Best Regards,

Henry Lester (hlester1@udayton.edu)

Construction Engineering and Management Track Chairs:

Henry Lester (hlester1@udayton.edu), University of Dayton

Russell Milam (rmilam3@lsu.edu), Louisiana State University

Robert Ranollo (robert.ranollo.jr@fedex.com), FedEx

Emily Wall (ewall@cavse.msstate.edu), Mississippi State University
