

Goals

- Collaborate with IISE to advance the institute's mission in the IE discipline.
- Develop, maintain, and disseminate a body of technical knowledge in the area of logistics and supply chain.
- Create a forum for technical networking and idea generation for division members.
- Recognize members and industries for their outstanding contribution to the division and the IISE.
- Educate division members by sharing cutting edge research, state of the art practice, and current tools and techniques of logistics and supply chain.
