VISION

To position and keep the faculty of Industrial Engineering at the Libre University as a leader in the promotion, innovation and career development in Colombia. Using as main tool the teachings and goals set by IIE and participating in different organized activities.

MISSION

Through a solid team, participate actively in order to contribute in the improvement of the quality of education provided by the Faculty of Engineering of Libre University and promote it nationally and internationally for its innovation in tools and the lessons provided by IIE.
In HALLOWEEN IIE members and some students collected more than 200 gifts to hand out at this date to underprivileged children.

Weekly sessions conversational English course are made, considering that the chapter of the IIE Chapter Liberty # 728 sees important the management of the English language.
Activities

INDUSTRIAL VISITS
